

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE APPLICATION OF THE UNION LIGHT, HEAT)	
AND POWER COMPANY FOR AUTHORITY TO)	
IMPLEMENT A TARIFF RIDER TO RECOVER COSTS)	
ASSOCIATED WITH DEMAND SIDE MANAGEMENT)	CASE NO. 94-222
PROGRAMS, OR IN THE ALTERNATIVE, DEFER)	
THOSE COSTS UNTIL REVENUES ARE COLLECTED)	
THAT INCLUDE THE ASSOCIATED COSTS)	

O R D E R

On November 1, 1994, The Union Light, Heat and Power Company ("ULH&P") filed its October 1994 status report of its activities with intervenors and collaborative members to resolve program development and cost recovery issues relating to its proposed demand side management ("DSM") programs. ULH&P states that the collaborative is next scheduled to meet on December 7, 1994, and, due to the upcoming holidays, seeks permission to omit a status report for November 1994.

Based on the review of the status report and being advised, the Commission finds good cause to relieve ULH&P of the obligation established by our August 1, 1994 Order to file a status report for November 1994.

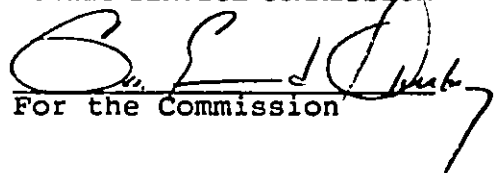

In establishing the requirement to file monthly status reports, ULH&P was directed to, among other things, detail the status of its progress in meeting with customer representatives and the anticipated date that proceedings in this case will be resumed. This information was requested to ensure that the meetings with

customer representatives proceeded in a timely fashion to avoid any undue delay in implementing cost effective DSM programs. Unfortunately, ULH&P's status reports have neither been in sufficient detail to determine the extent to which progress is being made nor included an anticipated date for resuming proceedings in this case. These facts, when viewed in light of the finding in our August 1, 1994 Order that ULH&P's application did not include detailed evidence demonstrating a full analyses of the factors enumerated in KRS 278.285, may well suggest that this case should be withdrawn without prejudice and refiled when program development and cost recovery issues have been resolved.

IT IS THEREFORE ORDERED that ULH&P be and it hereby is relieved of its obligation to file a status report for November 1994 and the December 1994 status report shall detail the status of its progress in resolving outstanding issues and the anticipated date that proceedings in this case will be resumed.

Done at Frankfort, Kentucky, this 22nd day of November, 1994.
